

As specialists in financing the legal profession we appreciate the strain that meeting the cost of Practising Certificates and the Compensation Fund levy can place on a Firm's cashflow.

Key Business Finance has therefore created the Practising Certificates Payment Account which can spread the cost of your practising certificates and compensation fund levy across the year, removing any potential cashflow strain.

### What is it?

A loan of 6, 10 or 12 payments. The interest rate is fixed for the term of the loan. This loan can be granted at any time in the year, even if you have already paid the liability from your own funds.

### What are the benefits to you?

**Flexible Repayment Options.** You can choose to repay your loan over 6, 10 or 12 payments.

**A Highly Competitive Fixed Interest Rate.** The interest is fixed for the term of the loan, which allows for accurate budgeting and cashflow planning.

**An Additional Line Of Credit.** A Key Business Finance loan will allow firms to leave existing banking arrangements for other appropriate uses.

**All year round availability.** You can apply for this loan at any time of the year, even if firms have used own funds to pay this liability.

**Multi purpose advances available.** You can combine other expenditure, for example, a Professional Indemnity Premium with your Practising Certificates costs into a single loan.

### How does it work?

Simply calculate the fee due to the Solicitors Regulation Authority (SRA), as advised by them, and contact us with the amount for an immediate quotation. We will send you an agreement to sign and return. On receipt of a signed agreement we will even pay the SRA direct for you. If your loan is agreed after you have already paid the SRA we will simply make payment direct to you.
